NOTE.—The figures in the above Table (No. 6) give the amount of the actual net receipts derived from the Customs, Excise, Estate, &c., Duties, Stamps, and Taxes due to the Exchequer; and do not therefore correspond exactly with the figures in Tables Nos. 2 and 3, which give the payments made into the Exchequer "Exchequer Receipts," on account of these duties in each year.

* Prior to 1894-5 all Death Duties were included under the general head of Stamps.
† The net receipt of Property and Income Tax represents the amount of Tax actually collected within the year (irrespective of the year of assessment) less the amount of Tax refunded, &c., within the year (see note § on page 89). The amounts under the several schedules show the approximate net receipts of the Tax based on the assessments of property and income under each schedule.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed, consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of value to the taxpayer.

† The figures for Plymouth and Southampton have been increased by the inclusion of vessels "calling off" the port to land or embark passengers or baggage, such vessels, unless "brought to" in the immediate vicinity of docks or quays, were excluded up to the end of 1895, but have been included from 1st January, 1907.

† The apparent change in the area under grass in 1906 as compared with previous years are largely due to greater care in classification in the Irish Agricultural Returns and to the transfer of some grass lands from one category to another, while certain areas previously included as pasture are now included in a new item, "grazed mountain land."

NOTE.—Most British Joint Stock Banks are registered under "the Companies Act, 1862," and consequently, the bulk of the Capital of such concerns is included in the figures given in the above Tables. With the exception of Municipal Tramways, the majority of the Companies working tramways in the United Kingdom are registered under the Companies' Acts, and their Capital is accordingly also included. Railway Companies in the United Kingdom are not incorporated under the Companies' Acts, but by special Acts of Parliament, as they need powers beyond those conferred by registration under the Companies' Acts. Their Capital is, therefore, not comprised in these Tables.

* The Stanmeres Court was abolished on the 1st April, 1877, under Act 50 and 51 Vict. c. 45.

* On the 1st January of the year following that stated. † The Militia strength is that at the date of inspection, except for the years 1890, 1896 and 1897, when the date was 1st July. The Reserve Division strength is that on the 1st July. The Militia Reserve disappeared before the inspection of 1897. ‡ At the date of inspection. § On the 1st November in each year.

The decrease between 1890 and 1899 is due to the number of men called out in the latter part of 1899 for active service. The number so called out form part of the Regular Army, but the increase in the number of the Regular Army, shown in the previous Table, does not correspond with the decrease shown in this Table, because the average strength of the Regular Army for the year is shown and not the number at a given date as in the case of the Army Reserve.

For years prior to the year ended 31st July, 1907, reference should be made to the previous abstract, which gives figures on the basis of the number of Departments and Scholars earning grant.												

[For years up to 31st July, 1900, the figures represent the percentage of average attendance to the number on the registers on the last day of the School Year. * *s.e.* Cookery, Laundry Work, and the combined Domestic Subjects of Cookery, Laundry Work and Housewifery. Where more than one of the three subjects were taught in the same School, the School is counted once for each subject. The figures for the small number of Boys in Seaport Towns who received instruction in Cookery are not included. ** For the cause of the decrease in these figures, see the Annual Report of the Board of Education for 1905-6, pp. 27-28.

* No complete statistics are available prior to the year ended 31st July, 1896. The Elementary (Blind and Deaf) Children Act, 1895, came into force on 1st January, 1896.

† No figures are available for years prior to the year ended 31st July, 1901. The first minute providing for grants on account of the education of defective and epileptic children was dated 5th February, 1901.

‡ For years up to 31st July, 1906, the figures give the number of Scholars on account of whom grant was claimed. This explains the decrease after 1903 in the figures given in the last two columns.

§ For these years, boys and girls of the age of 15 and over are included in the two preceding columns.

The figures are not given here, because in many cases they include particulars which cannot properly be compared with those given in this table. The term "Secondary School" means the meaning assigned to it in the Board of Education's Regulations for Secondary Schools.

† The figures include, as regards a comparatively small number of schools, the number of scholars on 26th November instead of on 30th June.

NOTE.—For expenditure on relief of the poor, see Table No. 28, p. 65.

* Excluding those in County and Borough Asylums, Registered Hospitals, and Licensed Houses.

† The numbers given are the total numbers returned from each Union as relieved on the 1st January or the 1st July (noted by the figures in the column headed "Total") and admitted to the Casual Wards during those days. It is probable that they include certain persons who received relief in more than one Union on the same day.

‡ The figures in this column represent the net total of persons relieved, after making the necessary deduction in respect of certain persons counted twice in the preceding columns, such, for instance, as persons who received indoor as well as outdoor relief on the days mentioned.

§ The numbers of insane persons in receipt of Outdoor relief on the 1st July cannot be distinguished from those in County and Borough Asylums, &c., for the year 1860. The numbers are therefore only included in the column headed "Not noted."
